

Bindesh (pictured) is very pro lottery. He sells all that lottery offers. Traditional Lottery, Keno and Sports. He is also a \$2500.00 cashing retailer. He has a wonderful relationship with his customers. He has tables for all to sit at if they want to play Keno and fill all sports cards out. He has a winner's wall to make sure all see how many winners he has present and past. He makes sure he advertises upcoming games that are coming for instant games. He makes sure all his customers know how to play games. He will tell you if you just talk to the customers and listen then you will have a great time doing what you love. He is a wonderful retailer and hopefully will be one of the retailers that is around forever.
