

Quick Mart is a convenience store located at 103 S. Maryland Ave in Wilmington that is a very friendly and inviting place to play the lottery. The clerks, along with Jack the owner (pictured), has pretty much memorized their regular players numbers and has them printing as soon as they see their regular customers come through the door. They have more than 34 Instant games available for sale, all draw games (including Keno), and during football season you can bet on your favorite football teams at this location. Quick Mart does a fantastic job promoting the Delaware Lottery.
